

Name _____

1. Write the numbers.

Tracing practice for numbers 0, 1, 2, 3, 4, and 5. Each number is shown on a set of three horizontal lines (top, middle dashed, bottom). The numbers are formed by dashed lines with arrows indicating the starting point and direction of the stroke. For example, '0' is a counter-clockwise circle starting from the top. '1' is a vertical line starting from the top and going down. '2' is a curve starting from the top left, going right and then down. '3' is two curves starting from the top left, going right and then down. '4' is a vertical line starting from the top, going down, then a horizontal line starting from the middle dashed line and going right. '5' is a vertical line starting from the top, going down, then a curve starting from the middle dashed line and going right and then down.

2. Write a 1 on the right.
Write a 2 on the left.

3. Ask someone at home to choose two numbers (0–9).
Write the numbers on the lines.
Color the trains. Start at the left.
Circle the smaller number.
